

# Oil-less Rotary Scroll Air Compressors (3-5 HP)

Ohio Medical oil-less scrolls are well proven compressors for medical, lab, and industrial applications. Both low pressure and high pressure models are available; they can be powered by either 3 or 5 HP motors, depending on operating speed. If your system is equipped with Powerex or Atlas Copco scroll compressors call on Ohio Medical for comparable replacements.

## Bare Compressors

Model	HP	CFM	Part #
<b>Low Pressure Scroll</b> replaces part # 230074	3 HP	9.9 CFM @ 50psi	230107
<b>Low Pressure Scroll</b> requires 171 mm motor side pulley for maximum capacity	5 HP	16.4 CFM @ 50psi	230150
<b>High Pressure Scroll</b>	3 HP	7.2 CFM @ 140psi	230151
<b>High Pressure Scroll</b>	5 HP	12.2 CFM @ 140psi	230152

## Complete Compressor Modules

Includes 230/460 volt 3 phase motor, aftercooler, belt, guard, and temp switch, all mounted on steel base.

Model	HP	CFM	Part #
<b>Low Pressure Model</b>	3 HP	9.9 CFM @ 50 psi	230072
<b>Low Pressure Model</b>	5 HP	16.4 CFM @ 50 psi	230073
<b>High Pressure Model</b>	3 HP	7.2 CFM @ 140 psi	230082
<b>High Pressure Model</b>	5 HP	12.2 CFM @ 140 psi	230083
